## DETAILED ACTION

### ***Allowable Subject Matter***

1. Claims 24-28, 31-33, 36-39 and 41-46 are allowed.
2. The following is an examiner's statement of reasons for allowance: Upon review of the amendment filed on 23 February 2005 and the prior art of record no firearm exists that has a safety means and information storage means for recording and storing at least one aspect of a group consisting of an image in the direction in which a shot is fired and a sound at about the time when a shot is fired, wherein the safety means comprises an information carrier means, a reading means, and gathering means, for gathering physical information from a person whereby said person can be identified; and a processing means for processing information received from the information carrier and gathering means and allowing firing if the information received complies with one or more physical requirements.

This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
